

## Atmosphere of Recovery

Creating an "Atmosphere of Recovery" is essential to ensuring that our primary purpose can be fulfilled. When there is chaos, aggression, predatory behavior, character assassination, or physical intimacy, these elements become distractions to our message of recovery. Maintaining an environment that is conducive to recovery requires everyone to behave in ways that support and uplift each other.

Any inappropriate behavior not only disrupts the meeting but also undermines our collective efforts. As such, those who engage in such behaviors may be excluded from attending this meeting to preserve the integrity and focus of our recovery efforts.

We appreciate your understanding and cooperation in fostering a safe and supportive environment for everyone. By working together, we can create a space where recovery is possible.
